

## Title 49 CFR, Part 385

### Safety Fitness Procedures

A motor carrier receives a safety rating when the safety specialist conducts an on-site review of the carrier's compliance with the Federal Motor Carrier Safety Regulations and the Hazardous Materials Regulations. The specialist reviews records, evaluates roadside vehicle inspection data, and accidents to determine whether a motor carrier meets Section 385.5 Safety Fitness standard.

#### Safety Ratings

The safety ratings are:

- ***Satisfactory*** – A motor carrier has in place and functioning adequate safety management controls to meet the safety fitness standard prescribed in Section 385.5. Safety management controls are adequate if they are appropriate for the size and type of operation of the particular motor carrier.
- ***Conditional*** – A motor carrier does not have adequate safety management controls in place to ensure compliance with the safety fitness standard that could result in the occurrences listed in Section 385.5 (a) through (h).
- ***Unsatisfactory*** – A motor carrier does not have adequate safety management controls in place to insure compliance with the safety fitness standards that has resulted in occurrences listed in Section 385.5 (a) through (h). Motor carriers receiving an “unsatisfactory safety rating” may be subject to the provisions of Section 385.13.

#### Compliance Review

Compliance review information:

- A compliance review is an on-site examination of the motor carrier's records and operation to determine whether the carrier meets the safety fitness standard. The review may include an examination of the following aspects of the motor carrier's operations:
  - Alcohol and controlled substance testing
  - Driver's hours of service
  - Driver qualifications
  - Vehicle inspection and maintenance
  - Financial responsibility
  - Accidents
  - Hazardous materials
  - Other safety and transportation records
  - Roadside vehicle out-of-service rate
- A compliance review is conducted to investigate potential safety violations, to investigate complaints, or is in response to a carrier's request for a change in safety rating. The results of the compliance review may result in the initiation of an enforcement action.

## SUPPLIES, FORMS AND SERVICES

**Supplies and forms** required by the FEDERAL MOTOR CARRIER SAFETY REGULATIONS, such as medical exam forms and cards, log books, drivers daily vehicle inspection reports and etc, may be purchased from one of the following sources.

### **J. J. KELLER ASSOCIATES**

3003 W. Breezewood Lane  
P.O. Box 368  
Neenah, WI 54957-0368  
(877) 564-2333  
[www.jjkeller.com](http://www.jjkeller.com)

### **UTAH TRUCKING ASSOCIATION**

3060 West California Ave., Ste. A  
Salt Lake City, UT 84119  
Phone (801) 973-9370  
[www.Utahtrucking.com](http://www.Utahtrucking.com)

### **LABELMASTER**

5724 N. Palaske Rd  
Chicago, IL 60646-6797  
(800) 621-5808  
[www.lablemaster.com](http://www.lablemaster.com)

### **SUPERINTENDENT of DOCUMENTS**

U.S. Government Printing Office  
Washington D.C. 20402  
(202) 512-1800  
<http://bookstore.gpo.gov>

### **Sources of HAZARDOUS MATERIALS LABELS and PLACARDS**

J. J. Keller Associates	(800) 558-5011
American Trucking Association	(800) ATA-LINE
Schmidt Sign	(801) 486-0193
Utah Trucking Association	(801) 973-9370

### **SUBSTANCE ABUSE and ALCOHOL TESTING**

A very basic list of consortiums has been provided. (For a complete list of available services in your area, look under “Drug Detection & Testing” in the local yellow pages.) These companies provide various services related to drug and alcohol testing. **The Office of Motor Carriers does not endorse any individual program.** It is the responsibility of the employers to ensure that their program is administered in compliance with the regulations. Many companies offer remote testing and training of both drivers and company officials. Most companies also have out of area contracts for testing of drivers away from a central area.

**Abi CHOICEPOINT**
